Interior Strewn With Graves Of Refugees, While Murdering Bands Hold Sway, But "Peace" Continues

(By Review Leased Wire.)
MEXICO CITY, July 18.—An imposing celebration presided over by the first chief, who was accompanied by the members of his cabinet, was held here today in honor of the anniversary of the death of Benito Juarez, the national hero of Mexico.
More than 20,000 persons, including delegations from the schools, clubs and the government bureau, took part in the celebration. Several hundred floral offerings were deposited at the tomb of Juarez. Roques Estrada, minister of justice, will address a mass meeting tonight in memory of the dead patriot. The first chief will attend a banquet tonight.

Mazatlan, July 18.—(By Radio

to San Diego)—Food conditions here today are approaching a crisis. All stores of the necessities of life are depleted and the condition of the poor is deplorable. Daily, little bands straggle into the city from the barren interior, hungry and ragged and expecting food and clothing, only to meet disappointment when they find nothing.

Dante's Inferno, Surely
A group of refugees, some in a pitiable condition, were sent aboard the flagship San Diego, yesterday. They told of the trails from the interior, strewn with refugees and others murdered by roving bands for the gold and valuables they were carrying with them.

Mexican officials at San Blas, Tepic, have released the American power boat Panama, which they seized for the non-payment of a \$1,000 fine levied because the boat carried an extra passenger in excess of the number allowed by law. The United States cruiser Denver, dispatched to San Blas to find the Panama, which had been disabled, has taken the power boat in tow for Mazatlan for repairs.

Carranzista Troops, Ill-fed, Purloin Mexican Ranches For Sustenance

LAREDO, Tex., July 18.—The tide of travel across the international bridge here again has turned southward and for every American refugee reaching the border from interior Mexico to reengage in pursuits hastily abandoned recently when war appeared imminent, according to immigration officers' records here.
A Mexican, usually well informed, stated today that 5,000 Carranzista soldiers are stationed close to the border between Piedras Negras and Matamoros. These men, he stated, are suffering from lack of corn and are raiding Mexican ranches to provide food for the de facto army.

Apparently reliable information received in Nuevo Laredo tonight stated

that Luis de la Rosa, Mexican bandit, is recruiting in Monterey. So far as known, it was stated, no plans were afoot for immediate raids into American territory.

CASTRO FREE TO ENTER AMERICA

Former President Of Venezuela Explains Old Murder, And Offers Alibi

(By Review Leased Wire.)
WASHINGTON, July 18.—Freedom to enter the United States, once denied, was granted tonight to former President Cipriano Castro of Venezuela and his wife by order of Secretary Wilson of the labor department, who overruled the decision of the special board of immigration officials at New York in denying them admittance. A telegram ordering immediate release of General and Mrs. Castro, who have been held on Ellis Island since their arrival Saturday, from Trinidad, was sent tonight to Immigration Commissioner Howe.
In explaining his ruling, Secretary Wilson pointed out that when Castro attempted to enter the United States in 1913 from France, he refused to answer questions regarding his alleged complicity in the murder of General Paredes, a political opponent in Venezuela and was excluded on the ground that he was implicated in a crime involving moral turpitude.
At the hearing last Sunday, at Ellis Island, however, he answered all questions asked, denying guilt in connection with General Paredes' death.
"Not having admitted or been convicted of a crime involving moral turpitude and, in fact, denying guilt, under the law, there was nothing for us to do but to admit him," said Secretary Wilson.

CRAZY NEGRO SLAYS SIX IN CHICAGO

(Continued From Page 1)

True aim crumpled up the two men, and save Mrs. Knox her wound.
Policeman Stuart Dean and others responded to an alarm and burst into the house. McIntyre, crouching behind a trunk, killed Dean with his first shot and wounded Policeman Edward Clement and Grover Crabtree. Their companions dragged them from the house and reinforcements with rifles were sent for.
The latter fired hundreds of shots into the house, through front and rear windows, and those were returned by the couple inside. The latter, however, were unable to aim because of the attacking force, and shot at random.

Dynamite Ends "Prophet"
Fearing to risk the lives of his men further, Captain Wesley Westbrook ordered the house dynamited, and three charges were exploded under it. After this there was a lull. Policeman Hughes, against the protests of his comrades, finally decided to investigate and entered, ending the battle.

PRESIDENT URGES CHILD LABOR LAW

attention today to the fact that the Democratic, Republican and Progressive party platforms all contained planks favoring immediate enactment of child labor legislation.
